

## Covid 19 - Protocol of Health Measures

### Preparation for Tours (Guided Version) Accommodated or Camping

- The staff involved are **Corona Negative**, and are trained on required health measurements
- Vehicle interior will be sterilized on a daily basis
- Air conditioners of vehicles will be tested, cleaned and sterilized before vehicle departs
- Suitcases of all travelers will be sterilized on a daily basis before being loaded onto the vehicle
- Hand sanitizers are available at the entrance of the vehicle
- Sleeping bags are washed and sanitized by a professional Dry-Cleaning company prior to distribution
- Tents/Bedding are sterilized before being assigned to the traveler
- It is advised to bring a own pillow case along for additional safety and hygienic purposes
- Accommodation establishments used by CAST need to have a full sanitizing protocol in place
- Clients and staff need to wear masks when inside the touring vehicle and in public areas
- Only every 2nd seat is allowed to be occupied within the vehicle
- Each traveler receives a personal water bottle, aluminum free (included in price) strictly for own use and safe-keeping (no sharing, touching or handling of plastic water bottles within the vehicle)

### Preparation for Self Drive Tours

- We only make use of Car Rental companies that have the full safety measures in place
- Accommodation establishments need to fulfill the safety measures as prescribed by the Ministry of Health and Social Services

### Travelers Responsibility for Safe Traveling:

- Present a **Negative Medical Certificate** upon entering the authority areas for boarding
- Wear a mask at all times
- Have your clothes and your suitcase cleaned & sanitized before your journey begins
- Wear clean clothes every day while on tour
- Avoid touching your face
- Keep the distance as requested
- Wash your hands regularly
- Avoid closer contact with locals while on tour
- When sneezing (due to allergy) please have your own disposable tissues available and cover up your face
- Report any symptoms of Covid 19 to the company immediately
- A questionnaire to be completed upon arrival and handed to company staff member
